## ABOUT ME

Information Technology undergraduate currently serving as a Software Engineering Intern, with hands-on experience in backend and web development using Java (Spring Boot), PHP, MySQL, and RESTful APIs. Strong foundation in building real-world applications, database optimization, and system integration. Demonstrated leadership through university governance and competitive sports involvement. Seeking junior software developer, backend engineer, or IT support roles.

## WORK EXPERIENCE

### 10 CREATIVE SOLUTIONS SDN. BHD.

Malaysia  
Oct 2025 - Apr 2026

#### Software Engineering Intern

- Contributed to Project Perfect 10, supporting system development and feature enhancements.
- Developed and maintained the company's official website (10 Creative Solutions) using WordPress.
- Customized WordPress themes, layouts, and plugins to align with corporate branding and business requirements.
- Improved website responsiveness, layout structure, and overall user experience.
- Assisted in backend configuration, content management, testing, and deployment activities.
- Technologies: WordPress, HTML, CSS, PHP
